

Ballfield User Expectations

- Please be respectful of other reservations. Your field use is for a specific time; do not infringe on other's reservations.
- If the base peg markers (whiskers) are any color other than orange, the base peg is located ~6" closer to home plate than that whisker. DO NOT dig up those markers/whiskers. Please return the orange base peg caps after using bases, if you have access.
- Do not take bases from one field/site to another.
- Field lights should not be turned ON more than 45 minutes prior to sunset. Refer to the Ballfield Manual for location of light switches.
- When performing field maintenance, do not dig trenches or drag with unauthorized motor vehicles (tractors, 4-wheelers, etc.).
- Keep storage areas locked and organized when not in use. Don't leave your key in a padlock or the padlock in an open position when using a field.
- Throw away empty chalk bags. Do not leave empty bags in the storage area.
- Per Section 12.08.270 of Lincoln Municipal Code, it shall be unlawful for any person to consume or possess any alcoholic liquor in any park or park facility; provided, however, the above prohibition shall not apply to properly licensed or permitted according to the Nebraska Liquor Control Act.
- Lightning / Severe Weather Action Plan** - If lightning is identified as striking within a 10- mile radius via any weather app., athletic field use must be suspended, and the complex vacated. Patrons should be instructed to wait in their vehicles. Thunder can usually be heard at 10 miles and be used as an accurate signal to end play. Play should not resume until 30 min. after the last lightning was visible, or thunder was heard.
- Make sure all equipment and bases are picked up, the lights are turned OFF, and the storage area is locked before leaving the field.

Contact the Team Sports office when lining chalk is low or there is any other issue at the field: (402) 441-7892 or athletics@lincoln.ne.gov
