PURPOSE STATEMENT:

Sportsmanship, participation, skill development, and fun for the participants are the objectives of the youth basketball program and no other concepts should transcend the welfare of the participants in the program.

Fun Creating an environment that provides an enjoyable sports experience. Playing for the love of the game.

Participation Providing an equitable opportunity for play and promoting fitness and wellness through physical activity.

Skill Development Improving the participant's skill level through practice and play.

Sportsmanship Actively expanding the individual's social ability to demonstrate teamwork, respect, and fair play.

The Town of Cary is proud of the youth programs being provided by the Cary Parks, Recreation and Cultural Resources Department. The Town is appreciative of the outstanding contributions of the many adults who serve as coaches, assistant coaches, leaders, and instructors in these programs.

Cary Parks, Recreation and Cultural Resources Department has prepared this Handbook to assist our coaches and their assistants. The guidelines and rules set forth herein are intended to provide a system of organization, methods of operation, and rules and regulations necessary for a youth basketball program in the Town of Cary.

GENERAL INFORMATION

****Please see Cary Youth [FAQ's](#) for additional Winter 2024-25 rules and guidelines. Where in conflict, information in the FAQ's supersedes any rules or guidelines otherwise laid out in this handbook.****

The youth basketball program is one of the largest programs offered by the Cary Parks, Recreation and Cultural Resources Department with over two thousand individuals participating each year. Youth ages 5 to 18 are eligible to participate in organized leagues. Games and practices are held at the Herbert C. Young Community Center, Bond Park Community Center, Middle Creek Community Center, and school gyms such as Green Hope Elementary, Alston Ridge Middle, Reedy Creek Middle, West Cary Middle, East Cary Middle, Davis Drive Middle, West Lake Middle, Mills Park Middle, Green Level High School and Cary Elementary. Volunteer coaches and assistant coaches help ensure the continued success of these programs.

REGISTRATION AND PLACEMENT:

In all leagues participants must be properly registered during the registration period. Boys and girls in the 5-6, 7-8 and 9-10 leagues are assigned to teams according to age and geography. Participants in the boys 11-12, 13-14, 15-16, and 17-18 and girls 11-12, 13-14 and 15-18 leagues attend a skills review session prior to being drafted onto a team. In all leagues youth on the waiting lists are placed onto teams when spaces become available

LEAGUE GAMES:

Schedules are prepared by the Cary Parks, Recreation and Cultural Resources Department Sports staff for each league. Standings are kept and post-season tournaments are played at the conclusion of the regular season in all leagues with participants 11 years old and older. Instructional leagues do not have a post-season tournament and regular season standings are not kept for these leagues.

SAFETY:

Always remember that the safety of the participants must be the primary concern of everyone involved in the youth sports program. Coaches must assume responsibility for each player's safety by assuring that they are taught the safe and correct techniques of the sport and that all players wear the proper safety equipment for each particular sport during practice as well as games.

DIVERSITY, EQUITY, & INCLUSION:

Cary is committed to fostering diverse, equitable, and inclusive programs. Our goal is for all participants in the program to feel valued and supported. To that end, Cary will not permit harassment of players, coaches, officials, or spectators, including comments based on race, color, religion, gender, national origin, age, or ability.

UNIFORMS:

Each participant receives a numbered reversible jersey to be worn during games. The home team wears white, and the visiting team wears the darker color in each game. These uniforms should not be altered unless approved by the Sports staff. Players keep their jersey at the end of the season. Participants are responsible for providing their own shorts and shoes. T-shirts may be worn under the jersey. If worn, it is HIGHLY RECOMMENDED (but not required) that players wear t-shirts that are matching in color to the primary color of the reversible jersey. Players may wear a t-shirt/undershirt that does not match the color of the tank top or reversible jersey. If any player wears a t-shirt that is not at all close to the primary color of the jersey, the coach may be contacted to correct the issue. If the player continues to wear a t-shirt that is not close to the primary color of the jersey, the player and/or team may be subject to further restrictions on permissible t-shirts.

TIES IN FINAL STANDINGS:

If two (2) or more teams have the same winning percentage in the final regular season standings, the tie shall be broken by the win-loss record between the tied teams in regular season games. If this still results in a tie, a coin flip or random draw will determine tournament seedings. Standings are not maintained in the boys and girls 5-6, 7-8 and 9-10 leagues.

WARM UP & WALK UP MUSIC:

Warm-up / walk-up music is not permitted during games in all adult and youth leagues.

PROTESTS:

Protests are not recognized in the National High School rules or by the Cary Parks, Recreation and Cultural Resources Department.

SPORTSMANSHIP AWARDS (ages 11-18)

At the conclusion of the season, selected players, as voted by their team members, will be recognized for demonstrating positive sportsmanship throughout the season. Specific information will be provided to the coaches mid-season.

*Registration dates are established each year by the Cary Parks, Recreation and Cultural Resources Department. All Cary residents and all non-Cary residents returning to the same age division may register during the first two weeks. Registration continues on a space available, first come, first serve, basis for all Cary residents and non-Cary residents during the third week of registration.

Everyone must register each year!

Fees are established annually with non-Cary residents paying an additional non-resident fee.

All leagues use the rules established by the National Federation of State High School Associations in conjunction with local league rules. Each league also has mandatory playing time rules. Part-time staff are accessible during practices and games. During games the part-time staff will keep an official scorebook and chart mandatory playing time.

Ten (10) players: Each player must play one half of each quarter.

Eight (8) or nine (9) players: Each player must play at least one half of each quarter and no more than five (5) out of eight (8) segments (1 segment equals one-half of a quarter).

Seven (7) players: Each player must play at least one half of each quarter and no more than six (6) out of eight (8) segments (1 segment equals one-half of a quarter).

Five (5) or six (6) players: Each player must play a minimum of one half of each quarter (no maximum).

- B. Players must play the entire segment from the beginning of the quarter to the mid-point of the quarter, or from the mid-point of the quarter to the end of the quarter.
- C. Substitutions only occur at the mid-point of the quarter or between quarters (exceptions: injury, sickness, 5th personal foul, replacing player who has received a technical foul for unsportsmanlike conduct, removing a player who is out of control or is being overly aggressive, replacing free-throw shooter after the mid-quarter break). Any exception will be documented by the scorekeeper and monitored. When a player enters the game for a partial segment, the segment counts toward the playing time of the player who started the segment only. Substitution for disciplinary action with prior approval by the appropriate full-time Sports Staff will be handled on a case-by-case basis. If prior approval is not obtained, the action is unauthorized. Any disciplinary action must be implemented from the beginning of the game.
- D. Players arriving late (after game begins), must play at least half (1/2) of both quarters in the second half, unless they are benched for disciplinary reasons or injury.
- E. Playing time in overtime periods will be left up to the discretion of the coaches. Substitutions in overtime will be allowed according to High School rules.
- F. List the names of your players in the appropriate columns of the player time sheets (in numerical order), indicating with an asterisk (*) which players will be starting. Submit time sheet to official scorer. Do not complete the playing time sheet before the game.
- G. After the game, review and verify the playing time recorded and sign the time sheet.
- H. Violation of the mandatory playing rules will be investigated by the Sports staff with penalties issued accordingly (see page 19).

- I. The mandatory playing rule may only be waived for disciplinary reasons or injury. (Players being disciplined must be reported to the zone administrator.)

- The player that replaced the player with the unsportsmanlike technical foul will not be credited with the playing time during this segment.
- The coach may re-enter the removed player during the same 4-minute segment. If re-entered, the player must replace that player who replaced him.
- A coach may not remove a player from the game if the team or player receives a technical foul that is not unsportsmanlike.

YOUTH BASKETBALL TEAM ASSIGNMENTS AND DRAFT PROCEDURE

I. Winter Instructional Leagues for Youth Ages 10 and Under:

- A. Teams will be comprised of all players registered for the program.
- B. Players will be assigned by the Sports staff.
 - 1. Returning players will go back to last year's team.
 - 2. Players will be assigned as needed to complete rosters.
- C. Expansion teams will be formed depending on available facilities to accept all players wanting to play.
- D. Brothers and/or sisters automatically go to the same team unless prior written requests are presented to the Sports office.
- E. Head coach's immediate family are assigned automatically to that team unless a prior written request is presented to the Sports office.
- F. Participants that withdraw from a team for verified medical reasons will return to the same team the following season provided they meet league age requirements.

II. Winter Leagues for Youth Ages 11 and Older

- A. Immediate family of head coaches automatically go to that team.
- B. If a new player enters a league with a brother or sister returning to that league, the new player will automatically go to the team with the brother or sister, unless otherwise requested in writing by the parent. The new player will be treated as a returning player.
- C. Coaches may protect 1 assistant coach per age division. The protected participant will count as your team's 2nd round pick. They will also count towards your total returning players. Number of returning players determines draft order. Participants who are already returning to a team cannot be assistant coach protected. Only participants who are new to a league (and are registered) are eligible to be protected. All head coaches who have players protected by this rule must notify the sports staff prior to team placements and the assistant's child does not attend team placements (This rule also applies if the head coach becomes the "assistant" coach and the "assistant" coach becomes the head coach. However, all other coaching requirements must be met, i.e. NAYS certification, coaches application, background check, etc.).
- D. If a head coach does not have immediate family in the league in which they are coaching, but their assistant coach has a child in that league, the assistant coach's child will automatically be placed as a returning player on that team. All other assistant coaching requirements must be met in accordance with II(C) above.
- E. Once a player is protected under Rule II(C), a team cannot claim another player under this rule until the original player no longer participates in that league.
- F. When brothers or sisters are selected in the draft they will be placed as consecutive selections on the draft grid. For example, if a player is taken as the first pick, the sibling will go in the grid as the second selection.
- G. When brothers/sisters are selected in the last round of the draft, the team drafting will give up their previous draft selection.
- H. Each team will have a maximum number of participants in each age group. The maximum number will be established prior to the draft based upon the total number of participants registered at each age within that league.
- I. Participants that withdraw from a team for verified medical reasons will return to the same team the following season provided they meet league age requirements.

- J. For the purposes of player placement the definition of immediate family includes: children, grandchildren, siblings and step children.

III Method of Selecting Players

- A. The Cary Parks, Recreation and Cultural Resources Department's Sports staff shall determine the total number of players per team. In the case that there cannot be the same number of players per team, the coaches will draw at random before any selections are made to determine the total number of players to be on each team.

Note: If, at the conclusion of the draft, all teams do not have a complete roster, newly registered players will be assigned to the team(s) with the fewest players. If two or more teams have the same need for players, newly registered players will be assigned randomly.

- B. Draft order for every round except the 2nd round will be determined based on each team's number of returning players. The order is as follows:
1. Expansion 1
 2. Expansion 2
 3. Least number of returning players
 4. Next to least number of returning players; etc. In the case that two or more teams have the same number of returning players teams will be placed in the draft order based on the previous season's record with the team with the lowest record being placed first.
- C. Draft order for the 2nd round will be determined by last season's winning percentage. Lowest winning percentage picks first. In case of a tie in winning percentage, the team with fewer returning players picks earlier. If there are expansion teams, they will pick at the beginning of the 2nd round, in the reverse order of the expansion teams' draft order in the 1st round.
- D. Teams with zero (0) or one (1) returning player, including the coach's child, shall be considered expansion teams for draft purposes. However, this existing team(s) shall be placed after any true expansion teams in the draft order. (Exception: If a true expansion team has more players considered returning players than an existing team with zero or one returning player(s), then the existing team would be placed ahead of the expansion team in the draft order.)
- E. If a new league is formed, then the coaches will draw for draft order. The only returning players will be the coach's immediate family. The odd number rounds will be top to bottom and the even rounds will be bottom to top.

IV. Eligible Players for Draft and Team Assignment:

- A. Only players who registered and participate in a tryout will be drafted onto teams.
- B. Players not participating in a tryout will be placed on teams (at the end of the draft) by drawing from the "hat" according to draft order.
- C. All players to be drafted in the last incomplete round will be placed as part of the hat selections.
- D. If teams are disbanded in a league because of lack of players or coaches, returning players will be required to attend team placements and will be drafted onto teams. Players not attending team placements will be placed onto teams by drawing from the "hat".
- E. Waiting List: Extra players will be assigned to teams with the least amount of players. In the event of two teams having the same need for players, players will be assigned randomly.

SELECTION OF COACHES

Volunteer coaches work with each team under the guidelines of the Parks, Recreation and Cultural Resources Department. Coaches are trained and certified by the National Alliance for Youth Sports. Communication between parents and coaches is essential for a successful season.

1. Any person wishing to coach in the youth basketball program for the first time should complete a Coach's Application prior to the start of the season. Returning coaches will be given first opportunity to continue coaching by completing a returning coaches card.
2. All applications for head coach will be reviewed by the Sports staff. After review, a coach's interview will be scheduled.
3. All head coaches must be certified by the National Alliance for Youth Sports. Clinics are offered by the Cary Parks, Recreation and Cultural Resources Department. Upon certification by the National Alliance for Youth Sports and approval of the Department Director and Sports staff, coaches are assigned to teams. Background checks are conducted on each head coach to promote the health and safety of our participants. The information that may be collected as part of the background check includes criminal conviction record checks, sex offender registry checks and social security verification. Please be aware that any volunteer who refuses to consent to a background check will not be considered as a head coach.

COACHES CODE OF CONDUCT

The Cary Athletic Committee recognizes the important contribution of the coaches at each level of the Cary Parks, Recreation and Cultural Resources Department's Basketball program. The influence of the coaches during the formative years of hundreds of youth involved in this program is immeasurable and is reflected in later years, not only in athletic abilities that are developed, but also in the more important traits of character that will be a part of each individual for life.

Coaches have a responsibility to teach the basics of basketball and to provide an organized and controlled team approach to a recreational program, as well as the responsibility to teach the strategy of the game. They also have a more important responsibility to provide leadership for the development of sportsmanship, self-confidence, competitiveness with a sense of fair play, teamwork, humbleness in victory and a stout heart in defeat.

Coaching is a privilege and coaches must be expected to assume all of the responsibilities associated with working with these young people for their total development. **Winning the game is secondary to the other aspects of the program.** Any conduct by coaches that is detrimental to the overall development of the young people will not be permitted and any action by any coach that is deemed to be improper will be dealt with as set forth hereunder.

Any of the following actions by basketball coaches while coaching in the Cary Parks, Recreation and Cultural Resources Department program shall be considered improper and could be grounds for censure, reprimand, suspension or dismissal at the discretion of the Sports Program Coordinator. Please refer to the Athletic Discipline Policy on Page 19 of this manual.

1. Use of obscene or profane language in the gym or in the presence of the players;
2. Use or display of alcoholic beverages in the gym or in the presence of the players;
3. Participation by the coach while under the influence of alcohol;
4. Teaching and condoning unsportsmanlike conduct;
5. Inciting by word or sign any demonstration by parents or spectators;
6. Using language that will in any manner refer to or reflect upon the opposing players, an official, staff member or a spectator;
7. Make intentional contact with any official or staff member in any manner;
8. Harassment of players, officials, scorekeepers, staff or anyone connected with the program;
9. Smoking in the gym.

Any complaint received by Cary Parks, Recreation and Cultural Resources Department relating to the conduct of any coach will be discussed with the coach involved and a written report of the complaint and action taken may be made in the permanent record of that coach in the files of the Cary Parks, Recreation and Cultural Resources Department. A copy of any such report will be transmitted to the coach involved. A coach may request a hearing before the Athletic Committee on any complaint filed or any action taken by the Parks, Recreation and Cultural Resources Department.

DUTIES AND RESPONSIBILITIES OF COACHES

The Cary Athletic Committee appreciates the assistance and importance of coaches to the basketball program of the Cary Parks, Recreation and Cultural Resources Department. The basketball program offered for the youth of Cary is one of the best and most complete programs in the area and a large part of its success can be attributed to the hard work and dedication of those who have served as coaches. In order to help coaches better understand their role and to maintain the high standards afforded in our programs, the following duties and responsibilities for coaches have been established for coaches by the Athletic Committee.

1. Each team may have a maximum of two coaches and one scorekeeper. If a coach is absent, a substitute coach is allowed; however, under no circumstances will more than three adults be allowed on the bench at one time.
2. Each coach must keep his/her team roster up to date at all times and must notify Cary Parks, Recreation and Cultural Resources Department of the loss of any player from his/her team roster. Violation of this rule may result in forfeiture of the games in question and/or suspensions or removal of the head coach.
3. Each head coach is responsible for the uniforms issued to them for their team.
4. The head coach, or their authorized assistant, must complete the names on the mandatory playing time sheet and turn it in to the official scorer **NO LESS THAN TEN MINUTES PRIOR TO THE START OF THE GAME.**
5. Each coach will inform the members of their team as to the time and place of each practice and game.
6. Each coach shall encourage the exhibition of good sportsmanship at all times by their players.
7. Each coach shall make sure only team players and coaches are allowed on the bench area with the team.
8. Each coach shall instruct their players in all safety rules for their own protection and that of their opponents.
9. **THERE SHALL BE NO SMOKING AND NO FOOD OR DRINK IN THE GYMS AT ANY TIME.**
10. Violation of the Coaches Code of Conduct may result in a disciplinary action in accordance with Athletic Discipline Policy.
11. Cary Parks, Recreation and Cultural Resources Department and the Athletic Committee reserve the right to dismiss a coach for violation of any Coaches Code of Conduct rule.
12. Any coach or assistant coach who has been dismissed by Cary Parks, Recreation and Cultural Resources Department or the Athletic Committee may not return as a coach or assistant coach without the approval of Cary Parks, Recreation and Cultural Resources Department.
13. Each coach must work with the staff and abide by all rules and policies established by the department to ensure goals of the program are met.

Exposure to Blood and Blood Products Information Sheet for Volunteers

As Town of Cary Volunteers, you have committed your time and energy to the children and adults of our community. Particularly during athletic events, these children or citizens may occasionally suffer minor injuries such as scrapes and cuts which cause bleeding. The Town would like to provide important information about these minor injury situations.

Blood can carry disease. These diseases can be spread when an infected person's blood gets into another person's body. One way this happens is when a first aid provider has an opening in his skin, and the infected blood enters that opening. Therefore, it is very important that if you choose to provide first aid, that you take precautions to keep the blood from getting on your skin, in your eyes or into your nose.

The Parks, Recreation and Cultural Resources Department will provide rubber gloves at all activities where there is a chance that a participant could receive a minor injury. If you choose to help with first aid, we encourage you to wear these rubber gloves. Be careful when taking them off, that you do not touch the outside of the glove and get blood on your hands. Wash your hands thoroughly as soon as possible.

You may also choose to ask that a child's parent take care of the child, or that the injured adult clean his own wound and apply a bandage on himself. Certainly if there is a concern that an injury is serious, if there is loss of consciousness, or if there is profuse bleeding, provide comfort to the injured citizen, protect yourself, and make arrangements for medical treatment.

If you have questions about this issue, please call the Parks, Recreation and Cultural Resources Department at (919) 469-4062. We are proud of your participation in the community activities for which you volunteer, and are grateful for your efforts.

PLAYER'S BILL OF RIGHTS

I understand that my responsibilities as a youth coach are of great importance and that my actions have the potential to significantly influence the young athletes whom I coach. Therefore, I promise to uphold the following rights of young athletes to the best of my ability:

1. Right to participate in sports.
2. Right to participate at a level commensurate with each child's maturity and ability.
3. Right to have qualified adult leadership.
4. Right to play as a child and not as an adult.
5. Right of children to share in the leadership and decision-making of their sport participation.
6. Right to participate in a safe and healthy environment.
7. Right to proper preparation for participation in sports.
8. Right to an equal opportunity to strive for success.
9. Right to be treated with dignity.
10. Right to have fun in sports.

Movement and Warm Up Tips

- Movement is the most important skill to teach kids. Just like shooting, dribbling, and rebounding must be practiced, so does movement. Movement is the foundation of these activities.
- Perform a dynamic, movement based warm up for 10 minutes. This gets the blood flowing to the joints and muscles and does not include static stretching. Warm up activities can include skipping (forward and backward), butt kick runs, high knees runs, cariocas, shuffling, jumping, balance exercises, and calisthenics like jumping jacks. These activities get the body ready to perform and prevent injury.
- For younger athletes ages 10-13, 20-30 minutes of practice time should be spent on movement fundamentals, not specific sport skill. For the older athletes, 10-20 minutes is adequate. You can use general speed and agility drills like shuffling, cariocas, crossovers, and back peddling to improve footwork and movement skills. You can also use games such as tag, red light-green light, obstacle courses, and shuttle races to incorporate these skills and prevent boredom.
- Other tips to make practices more enjoyable yet improve movement: shoot, pass, and dribble with off hand.
- Fundamentals do not have to be boring. They can and should be fun. If you make it fun, they will master the movements that help them succeed and prevent injury. They will also incorporate these movements more easily in game type situations.
- Their strength, flexibility, speed, agility, coordination, and conditioning will all improve with general movement tasks and these are all integral to improving performance and preventing injury.
- Static stretching can be used as a cool down the last five minutes of practice.

DEALING WITH PARENTS

Coaching a youth league team is exciting and rewarding; however, from time to time you may experience difficulty with parents. Some may want their children to play more or they might question some of your judgments as a coach. This is normal so don't feel that you are alone if this happens.

Here are a few thoughts to remember when dealing with parents:

- Always listen to their ideas and feelings. Remember they are interested and concerned because it is their child that is involved. Encourage parental involvement.
- Express appreciation for their interest and concern. This will make them more open and at ease with you.
- No coach can please everyone. Don't try.
- Know what your objectives are and do what you believe to be of value to the team, not the parents.
- Make certain all parents know your ground rules. Have rules, regulations, your philosophy, practice dates and times, etc., printed on a sheet of paper you can pass out to all parents. Have a parent meeting before the season begins to discuss your operating procedures.
- Resist unfair pressure. You are the coach, and it is your responsibility to make the final decisions.
- Most important - be fair. If you treat all players equitably you will gain respect.
- Be consistent. If you change a rule or philosophy during the season, you may be in for trouble. If you do change something, make sure all parents are informed as soon as possible.
- Handle any confrontation one-on-one and not in a crowd situation. Don't be defensive. Don't argue with a parent. Listen to their viewpoint and thank them for it.
- Don't discuss individual players with other parents. The grapevine will hang you every time.
- Ask parents not to criticize their children during a practice or game. Don't let your players be humiliated, even by their own parents. Explain you must have complete control of your team when they are on your "turf".
- Don't blame the players for their parent's actions, if negative. Try to maintain a fair attitude.
- Parents must accept the fact that officials, coaches, and other league officials should not be subjected to criticism during ballgames. Always remember that you will be dealing with all types of children and parents with different backgrounds and ideals. One of your main challenges as a coach is to deal with these differences in a positive manner so that team's season will be an exciting and enjoyable experience for all.

TWELVE DO'S AND DON'TS FOR DADS/MOMS

1. Don't put yourself in your son's or daughter's place out there. The kid on the court isn't you, Dad. If he makes an error, it's his error; if his shot wins the game, it's his shot. Glory or grief, it's his ball game. Whether you were an All-American point guard or, more likely, couldn't make the church team even if the preacher was your father, has nothing to do with your kid's performance. Yet, I once heard a parent tell a child who made a wild shot, "you embarrassed me".
2. Don't talk about the "big game" all day. Chances are the "big game" isn't as important to your kid as it is to you, and that's healthy. The youngster will usually keep the game in proper perspective, and keep pressure to a minimum, if only you will, Dad.
3. Don't criticize one of the other players even if the errant kid decides to play tiddlewinks instead of defense. That's not only unseemly; it's dangerous. Because chances are the offending player's mother is smoldering in the next seat. She will scratch your eyes out.
4. Don't yell instructions to your player ("Get out of the lane, son!") when he's under the basket. That's the coach's job, and besides, the kid can pick your voice out in the tumult. It only makes him more nervous. Shout only general encouragement.
5. Don't start analyzing your child's performance right after the game. All the player wants is peace, quiet and a snowcone.
6. Don't criticize the coach, even if it's apparent that Roy Williams he isn't. Listen, this guy is going to some dusty, dark elementary school gym after work and on Saturdays and Sundays to run dribbling drills. Before you complain think "Am I ready to give up all my valuable free time to a bunch of pre-juveniles?"
7. Don't complain when the good coach plays everybody and even goes with different starters every game, right down to the child who has a pathological dread of the basketball and the bespectacled babyface who hasn't shot the ball (I personally know that "please, Lord, let me make this shot" feeling) in three seasons.
8. Don't abuse the referee, Dad. Baiting the college kid who's calling the game for four bucks isn't calculated to inspire respect for authority demanded from your child at home and at school.
9. Don't decide your player has a future with the NC State Wolfpack. Likewise, don't write off that babyface with the basketball in his hands. Kids, I'm told, mature athletically at different paces. Some are better than they ever will be again. Some of the worst players will develop into varsity athletes with time.
10. Don't forget to praise your child for simply performing. Don't overpraise a shot or a good play, either. And, above all, don't ever dwell on an error or failure to deliver the "big" shot, especially not with scorn or anger. You're not Coach K, Pop, and your kid doesn't play for Duke. Your child is 12, at most.
11. Don't forget to praise all the players after the game, especially if they lost.
12. And please don't take it so seriously. Even the "big game" isn't the answer to world hunger or even the NCAA tournament, let it just be fun.

CARY BASKETBALL GYM DO'S AND DON'TS

Please follow the guidelines below when participating in the Cary Parks, Recreation and Cultural Resources basketball program. These guidelines apply both at Town community centers, and at any school gyms utilized for basketball practices and games. Thanks for your cooperation!

- Pick up your own trash.
- Remember to take all your belongings with you after practices/games.
- Neither food nor drink is permitted in any gym, other than water.
- Children, including siblings of practice/game participants, should not be left unattended.
- For practices and games at school gyms, individuals should only be in the gym or the restroom. Do not wander school hallways.
- At practices, be respectful of the teams trying to practice. Those not involved in practices should not be dribbling, shooting at side goals, climbing bleachers or equipment, or otherwise creating a distraction for those involved in the practice.
- At games, spectators should sit on the side of the gym opposite the benches. One side of the court is for players and coaches and the other side is for fans and family members.
- Please exhibit good sportsmanship at all times. Remember that the game is for the kids, and parents and other adults need to be responsible enough to be great role models, and to keep the game in its proper perspective.
- Officials are “off-limits” to fans. Do not approach officials before, during or after the game. If you have feedback to provide, communicate with your coach about the best way to provide that feedback.
- Have fun!

CARY PARKS, RECREATION AND CULTURAL RESOURCES DEPARTMENT ATHLETIC SUPPLEMENT TO INCLEMENT WEATHER PROCEDURES

The inclement weather procedure includes existing hazardous conditions due to snow/ice from preceding days. The decision to cancel athletic events is made for the safety of the participants.

The following conditions may require canceling athletic events:

1. Inclement weather (i.e., snow, ice, tornado, hurricane, etc.).

Cancellation Procedure

1. In the event of inclement weather:
 - a. At 3 p.m. weekdays, 8 a.m. on Saturday and noon on Sunday, Cary Parks, Recreation and Cultural Resources Department will make a decision as to whether games or practices will take place. For a recorded message concerning the status of scheduled games please call the gym status update line at (919) 319-4500. **Please do not call the department earlier asking for this information.** Information will also be available on the Sports Program Status page at <http://games.townofcarync.gov/> .
 - b. After the times listed above, the decision will be made at the facility by a Parks, Recreation and Cultural Resources Department representative, or, in their absence, the referee.
 - c. In order to keep the Cary Parks, Recreation and Cultural Resources Department telephone lines open to contact officials and coaches, players should not call the department regarding playing conditions.
 - d. Coaches are urged to establish a text group or email list to contact players.
2. If the first practice of the day is canceled, all practices scheduled will automatically be canceled as well. This **does not** apply to Saturday and Sunday games.
3. Due to the large number of teams involved in our program, and the limited number of facilities at which to play, canceled games will be made up only if they affect the final standings and if time permits and gym space is available.
4. Any team that fails to field a team for a make-up game will lose the game by forfeit.

We need your cooperation in adhering to all the policies and procedures established for our programs.

ACTION PLAN

As a coach, if you think an athlete may have a concussion, you should:

1. **Remove the athlete** from play.
2. **Keep an athlete with a possible concussion out of play on the same day of the injury and until cleared by a health care provider.** Do not try to judge the severity of the injury yourself. Only a health care provider should assess an athlete for a possible concussion.
3. **Record and share information about the injury**, such as how it happened and the athlete's symptoms, to help a health care provider assess the athlete.
4. **Inform the athlete's parent(s) or guardian(s)** about the possible concussion and refer them to CDC's website for concussion information.
5. **Ask for written instructions from the athlete's health care provider** about the steps you should take to help the athlete safely return to play. Before returning to play an athlete should:
 - > Be back to doing their regular school activities.
 - > Not have any symptoms from the injury when doing normal activities.
 - > Have the green-light from their health care provider to begin the return to play process.

IT'S BETTER TO MISS ONE GAME THAN THE WHOLE SEASON.
