General Information

Welcome to the Downers Grove Park District Youth Basketball leagues! Our leagues provide an opportunity for participants to learn the fundamentals of playing basketball through practices and weekend games. The league emphasizes proper techniques, knowledge of the rules, team strategy, participation and **fun!**

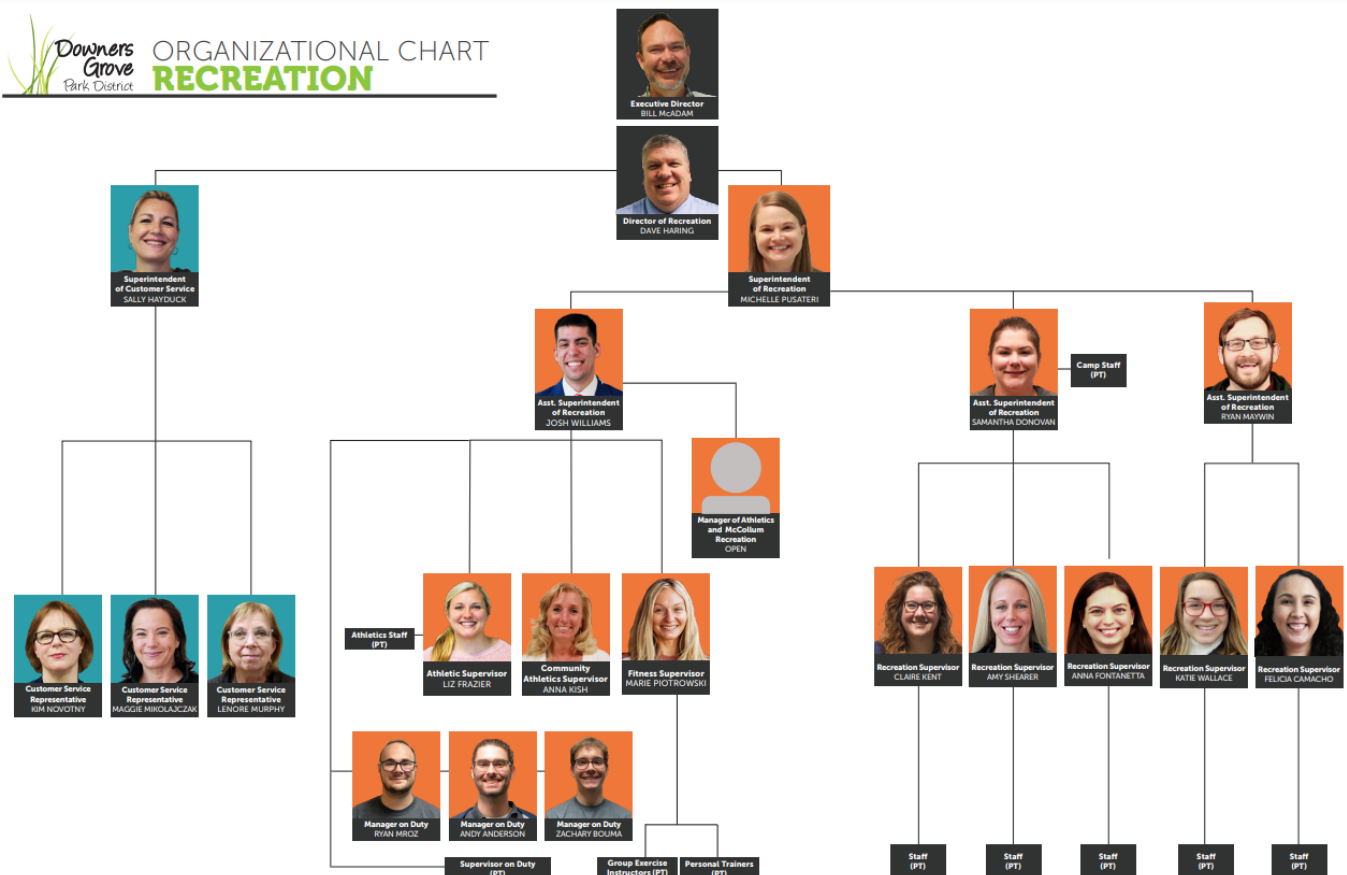

Thank you for volunteering to coach a Downers Grove Park District youth sports team! Whether you are a beginning or returning DGPD volunteer coach, we appreciate all of your time and energy.

Everyone in our youth leagues – coaches, referees, parents, and DGPD staff – should uphold the basic expectations included in the “Code of Conduct”. As adults, we are role models for young people in our community. It is our responsibility to create a safe and fun environment for our players.

DGPD Recreation Department Organizational Chart

DGPD Youth Sports Program Objectives

Downers Grove Park District youth sports programs strive to achieve the following:

1. Programs will be designed to promote positive learning experiences that enhance physical, psychological, and social development.
2. Programs will emphasize fun, developing new skills, fair play, and sporting behavior.
3. Programs will be conducted with the safety of all participants in mind.
4. Programs will be designed to promote positive self-esteem and self-confidence of the participants.
5. Programs will be comprehensive in nature and offer a variety of levels that match available resources. If resources or facilities are limited, accommodating the needs and interest of the majority of the participants will take priority.

* Youth sports programs can be competitive on both a team and individual level. However, it is the desire of the Downers Grove Park District to keep the intensity of the competition at a recreational level, which stresses fun, learning, and the concept that everyone plays. *

DGPD Youth Sports Philosophy

The DGPD recognizes that competition in and of itself is a part of life and if placed in the proper perspective something that an individual learns from. Competition should encourage participants to strive to be the best they can be. The DGPD youth sports leagues strongly support the concept that competition must always be channeled into positive and educational experiences, never into degrading or harmful behavior patterns.

Practice sessions should emphasize skills-building and be fun. In games, winning and losing will be de-emphasized whenever possible, with emphasis placed on participation, learning, and enjoyment. No one should ridicule or punish a player when correcting technique or behavior. We must remember that we are teaching skills, not recruiting or drafting players with superior skills.

In an effort to keep the recreational philosophy and to serve the greatest number of residents, athletic programs will be designed to encourage participation for the beginner and mid-level athlete. The overall focus should still remain on fun and learning. For certain participants, their skill level and competitive needs may exceed the capabilities of the DGPD program or resources and they may need to seek outside or private clubs and organizations.

Principles for Coaches & Parents

General Youth Coaching Principles

Coaching is an extremely important responsibility. A good coach always places the best interest of the player before winning. The players and their parents have placed you in a position of leadership, and you have a responsibility to give them your best effort. This athletic experience will play a significant factor in determining whether the players continue participating in sports in the future. If you follow the list of coaching principles, the players and their parents will be better served.

Ten Coaching Guidelines

1. A coach should be enthusiastic without being intimidating. He/she should be sensitive to the player's feelings and genuinely enjoy spending time with them. He/she should be dedicated to serving children and understand sports provide physical and emotional growth for its participants.
2. A coach needs to realize he/she is a teacher, not a drill sergeant. He/she should help children learn and work to improve their skills. Personal gains are never a consideration. The job does not depend on winning. The best interest of the player transforms into the best interest of the game.
3. The safety and welfare of the players can never be compromised. A coach will consider these factors above all others.
4. A coach needs a tremendous amount of patience. Don't push players beyond their limits in regards to practice. Children have many daily pressures and the athletic experience should not be one of them. Playing sports is supposed to be fun.
5. A coach should care more about the players as people than athletes.
6. A coach should encourage his/her players to dream and set lofty goals. It is important to remain positive and refrain from making discouraging remarks. Negative comments are remembered far more often than positive affirmations.
7. A coach needs to remember the rules of the game are designed to protect the players, as well as to set a standard of competition. He/she should not circumvent or take advantage of the rules by teaching deliberate misconduct. A coach who puts his/her opponent's team at risk should not be involved with children.
8. A coach should be the first person to demonstrate good sportsmanship. He/she should take a low profile during the game and allow the kids to be the center of attention.
9. Parents and players place a lot of trust and confidence in the coach. The coach has an important role in molding the athletic experience of the child.
10. A coach can measure success by the respect he/she gets from his or her players, regardless of victories or defeat. Children who mature socially and physically while participating in sports are the best indications of good coaching.

Practice Information

Practices are held weekly Mondays-Fridays at District 58 schools. School sites for practices are to be determined by the Park District. Because not every District 58 school is available for practices, some teams may practice at a neighboring school rather than the school attended by team members. Please note: A weekly practice will be scheduled for each team, but is not always guaranteed and is dependent on facility availability. Although it is not preferred, due to unforeseen circumstances there may be times two teams are scheduled in one gym space.

Kindergarten – 8th Grade Leagues

The league uniform consists of a reversible jersey. Jerseys are the same jerseys from Fall 2023. Any new players should have purchased a jersey during registration and those jerseys will be passed out by their coach at their first game.

For Kindergarten-8th Grade leagues, the home team will always be listed first on the schedule and will wear the white side of the jersey.

Team Formation

Each season new teams are formed and grouped together as specified below.

Teams are created according to the following criteria when registered by the registration deadline.

1. School attended
2. Grade
3. **Mutual** Friend Request*
4. Balance of Gender
5. Roster Size
6. Date Registered^

*A non-mutual friend request or coach request will not be guaranteed.

^Only used if roster sizes grow too large

In general, our goal is to keep players from the same school on the same team. Should enrollment numbers and roster maximums not accommodate this, schools may be split or combined to form a team. Team maximums are based on enrollment numbers at the time of the registration deadline. Returning players are not guaranteed the same team from season to season or year to year.
