

2024 Adult Cornhole League Rules and Regulations

Managers are responsible to inform all their team participants of current "Adult Team Sports Policies & Procedures" in detail prior to league play.

A. PLAYER ELIGIBILITY

- a. In all league play, participants **MUST** be a minimum of 18 years of age (legal adult).
- b. Teams may consist of up to 3 players with games being played 2 vs. 2. **The 2 players from your team that start the first game, MUST play in all 3 games. You CANNOT switch players for each game played.**
- c. Teams may be a combination of Man / Man, Woman / Woman, or Man / Woman.

B. STARTING / ENDING A GAME

- a. A coin flip or rock, paper, scissors will determine who shoots first in the 1st game and which side of the board each team will stand on. The winner of this will get the choice of if they want to shoot first or second and which side of the board they want to be on.

C. GENERAL PLAYING RULES

- a. Game is played as a race to 21. There is no win by 2, nor is there deducting points for crossing 21. The first team to 21 wins that game.
- b. Teams will play 3 games to 21 each scheduled night. A win will count toward a win in the standings (i.e. 3 wins in an evening will count as a 3-0 record).
- c. Players must play directly opposite of their partner and not diagonally. After game one is complete, teams will rotate to the opposite side of the board (i.e. if you threw on the right side of the board for game one, you will throw on the left side of the board for game 2). After game two is complete, players will again switch sides of the board back to the side they played for game one.
- d. Players may not cross the foul line, which is the line painted at the front edge of the board. If no line is painted, the foot may not cross the front edge of the board. If the foot crosses the line (or front edge of the board), the throw will not count.
- e. The 8 cornhole bags will all start on one side of the board. Game continues by alternating throws between the players on the same side of the board.
- f. If the cornhole bag hits the ground before hitting the board and bounces onto the board, that bag shall be taken off the board prior to the next throw and not count towards the score.
- g. The team who scored last, throws first for the next round of throws.
- h. While the player up to toss is throwing, the opposing team player shall step to the back of the board at least 6 feet away. This process will alternate between throwers.

D. SCORING

- a. The scoring shall take place after all bags have been thrown for that round. Scoring is as follows:
 - i. 3 points for a bag that goes through the hole
 - ii. 1 point for a bag on the board, hanging over the hole, or hanging over the edge of the board without touching the ground.

- b. One team shall be responsible for changing the score for all 3 games to avoid multiple people touching the scoreboard marker. Teams can designate this via a verbal agreement, coin flip, or rock/paper/scissors prior to the start of the first game.

E. GAME TIME

- a. There is a 45-minute limit on league games. There should be no leaving the cornhole playing area for more than a beverage break or bathroom break.
- b. Scoresheets should be given to the Site Supervisor signed by each manager. Once scores are turned in, the score is final. The team who won the most number of games in that evening is responsible for turning in scoresheets.
