- v. **If you are playing with less than 6 players, a ghost player will be used for each player not present. The ghost player will carry a side-out and point awarded to opposite team. The Ghost Player(s) MUST remain in their set position and rotate with the team.**
- vi. Each Team will have (1) 30 Second time out per set. These do not carry to the next set if they are not used.
- vii. **Serving:**
 - a. In 7U, 9U and 11U -15U D2, after 5 consecutive points scored by the offensive team (team serving), the referee will whistle for an automatic side out and the opposing team will be awarded the serve.
 - b. In D1, there will not be a cap of how many serves any one player can have during player rotation as server.
 - c. Serves may be underhand or overhand. If the server does a bad toss, the ball may be caught or let it drop to the floor. **The server may only let the ball drop once during each serve.**
- viii. **Substitutions:**
 - a. D1: Substitutions being made will be using the one-for-one substitution.
 - 1. Substitutions can be made at any dead ball situation. The coach will signal for a sub and the players will enter the substitution zone. Players will remain in the zone until the scorekeeper signals for them to go into the game.
 - 2. Players will replace in the correct order of rotation and serving order.
 - 3. Teams will be allowed **18 substitutions** per set. If all 18 are exhausted a substitution can be made for an injured player.
 - 4. A player will not be allowed to reenter a set on the same dead ball they were substituted out.
 - 5. Penalties: A Warning will be issued for the first illegal Substitution. On the Second offense a team will be deducted a point and loss of serve.
 - a. All Penalties will follow the rules of NFHS.
 - b. D2: Substitutions will only be made on side-outs when it is your team's turn to rotate and serve. Teams will use a middle back substitution.
 - 1. Middle-Back Substitutions. When a team rotates to serve, the player who served the previous turn must come out of the game, and a sub will enter the middle position of the back row. A team has unlimited substitutions. Once a player is substituted off the floor, coaches must use all players on the bench before that player is allowed to go back into the game.
 - 2. One-for-one Substitutions: On a dead ball a coach may signal for a substitution to occur. Once a player has substituted for another, they may only sub for each other. (EX: If Player 1 subs in for Player 5 then Player 5 can only sub back in for Player 1)
 - c. Please note that per the NFHS Volleyball Rules, **Delay of Game will be enforced:** "Delay of Game: When a team takes too long to substitute a player or delays play for other reasons. The penalty for a first delay is a warning by the referee, and the penalty for a second delay is the loss of the rally.
 - d. We will not use Liberos in any division.

Line Judges: Line Judges are recommended for all games. This will be 1 volunteer from each team. Line Judges must be at least 16 years old. You will stand in the opposite corner of the service area.

D1: Line Judges are required for all competitive divisions. Line judges will switch sides after each set. Line judges must be 16+ in age.

Player Participation Rule: 7U,9U and D2 divisions. All players must participate in at least 2 sets.
D1 Divisions: there is no player participation requirement

Protests: Protest will consist of a possible illegal player. In order to protest you must report this to the scorekeeper and they will inform the League directors of the Protest. The roster will then be verified for that team. If the team is deemed to have an ineligible player The game will result in a forfeit. The coach will also serve a 1 game suspension following this.

Denton Parks and Recreation Concussion Policy

PURPOSE

The following policy and procedures are being implemented by the Denton Parks and Recreation Department, with the intent to reduce the potentially serious health risks associated with sports related concussions and head injuries.

POLICY

It is policy of the Denton Parks and Recreation Department to educate coaches, referees, staff, parents, and participants of the signs, symptoms or behaviors consistent with sports induced concussions. Participants suspected of a concussion or head injury, are required to be removed from the activity, must seek medical attention, and then follow the proper procedure for return to play. "When in doubt, sit them out!"

DEFINITION

A concussion is a type of traumatic brain injury that is caused by a blow to the head or body that jars or shakes the brain inside the skull. It is important to note that an athlete does not have to lose consciousness to have suffered a concussion. Symptoms include but are not limited to the following below.

SIGNS OBSERVED BY OTHERS

- Appears dazed or stunned
- Is confused about assignment
- Forgets an instruction
- Persistent vomiting
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Increasing sleepiness
- Shows mood, behavior, personality changes
- Can't recall events prior to hit or fall

SYMPTOMS REPORTED BY ATHLETE

- Headache
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Just not "feeling right" or is "feeling down"

ROLE OF COACHES AND STAFF

Coaches and staff will NOT be expected, nor will they be trained to "diagnose" a concussion. Diagnosis is the job of a qualified health care provider. Coaches and staff are being asked to use their best judgment in observing the signs, symptoms, and behaviors associated with concussions. If coaches or staff observes questionable signs, symptoms, or behavior, he/she must remove the player from the sporting event for further evaluation and notify the player's parent/guardian and fill out the appropriate accident form. Coaches and staff are not permitted to allow a player to resume activity until the Denton Parks and Recreation receives a written statement from a qualified health care provider indicating that the player is cleared to resume participation in the sporting event.

ROLE OF PARENTS/GUARDIANS

Like coaches, staff and officials, parents/guardians will NOT be expected to “diagnose” a concussion. However, parents/guardians are being asked to become familiar with the signs, symptoms, and behaviors associated with concussions. Parents/guardians will be expected to comply with this Policy and support the determination made by staff to remove a player from a sporting event.

It is the parent/guardian’s obligation to have the player evaluated by a qualified health care provider and to obtain from that provider a written statement that clears the player to resume participation in the sporting event.

MANDATED COURSE OF ACTION

1. Remove player from the sporting event.
2. Notify parent/guardian.
3. Any player suspected of having a concussion should be evaluated by a qualified health care provider as soon as practicable.
4. Before a player will be allowed to resume participation in a sporting event, the parent/guardian of the player must obtain a written statement from a qualified health provider and return to the Denton Parks and Recreation Department indicating that the player is cleared to resume participation in the sporting event.

The signs, symptoms and behaviors associated with a concussion are not always apparent immediately after a bump, blow or jolt to the head or body and may develop over a few hours or longer. An athlete should be closely watched following a suspected concussion and should never be left alone.

Athletes should never try to “tough out” a concussion. Teammates, parents/guardians and coaches should never encourage an athlete to “play through” the symptoms of a concussion. In addition, there should never be an attribution of bravery or courage to athletes who play despite having concussion signs and/or symptoms. The risks of such behavior must be emphasized to all members of the team, as well as coaches and parents.

If an athlete returns to activity before being fully healed from an initial concussion, the athlete is at greater risk for a repeat concussion. A repeat concussion that occurs before the brain has a chance to recover from the first can slow recovery or increase the chance for long-term problems. In rare cases, a repeat concussion can result in severe swelling and bleeding in the brain that can be fatal.

Return to Play

After suffering a concussion, no athlete should return to play or practice on that same day. An athlete should never be allowed to resume play following a concussion until symptom free and given the approval to resume physical activity by an appropriate health-care professional. Documentation must be provided to the Denton Parks and Recreation athletic supervisor.

Once an athlete no longer has signs or symptoms of a concussion and is cleared to return to activity by an appropriate health-care professional, he/she should proceed in a step-wise fashion to allow the brain to re-adjust to exercise. In most cases, the athlete should progress no more than one step each day, and at times each step may take more than one day.

If symptoms of a concussion recur, or if concussion signs and/or behaviors are observed at any time during the return-to-activity program, the athlete must discontinue all activity immediately. Depending on previous instructions, the athlete may need to be re-evaluated by the health-care provider.
