# Update on Major Projects

---

## COMPLETED

### Moran Park

Moran Park has been the focus of major improvements over the last two years, and the finalized project has surpassed expectations. The park now boasts a new state-of-the-art playground, resurfaced pickleball, tennis and basketball courts as well as the addition of a futsal court for residents to enjoy. We can't wait to see how the community uses the new amenities available at Moran Park. It's quickly become one of the most popular spots to spend time in almost all seasons!

## ONGOING

### Holland Ice Park

The Holland Ice Park project is running right on schedule. As you can see from the photo in the background, the ribbon itself is beginning to take shape, and you can see lots of progress has been made on the outbuildings. Even covered in snow, you can start to get a real feel for what the skating complex is going to look like when completed. Sharpen your skates, next winter we'll be facing up!

## LOOKING FORWARD

### Recreation Center

A new community focused recreation center will be coming to the City of Holland, and we are in the early planning stages of the process. Firms have been hired to oversee the architectural design and construction management of the project, and we are excited to get this project rolling. Currently, Holland Parks & Recreation is looking for community input on the recreation center conceptual plan. Use the QR code at the right to complete our brief survey and provide your insight.
