Letter From the Team

Holland Friends,

We at Holland Parks & Recreation are grateful to have the opportunity to serve this community. Each day, we are inspired by the enthusiasm the community shows for our parks and the zealous support of our recreation programs. Our short but powerful mission statement of “Maximize Livability” is a never-ending challenge we are always eager to embrace for this City.

Planting trees, weeding flower beds, repairing irrigation, preparing ball fields, trimming around headstones, and creating sports schedules are the “small” jobs that add up to big results. As a team, we take pride in the work accomplished every day knowing we have a chance to make a difference.

With that in mind, we cannot help but be excited about the big additions on the horizon for our department, such as the Holland Ice Park, and Recreation Center. These additions will be conduits that enhance our ability to provide a positive impact by building relationships, sparking passions, and increasing the quality of life for this community.

Thank you for allowing us to serve you, as part of this special community.

Sincerely,
The Holland Parks & Recreation Team

Holland Ice Park

The new Holland Ice Park is located on the site of Window on the Waterfront Park, on 6th Street, near the corner of College Avenue. When the project is complete it will include a circular ice pond with a connected ribbon and a separate curling rink.

Amenities of the Ice Park will include skate rentals, concessions, and restrooms. The plaza area will offer the added benefit of snowmelt and three fireplaces to keep visitors warm. In the Ice Park's off season, the facility will be utilized by Holland Parks & Recreation to offer additional programming.

Track the Progress!

The anticipated completion date is fall 2025. To view a live stream showing the progress on the project, please scan the code!

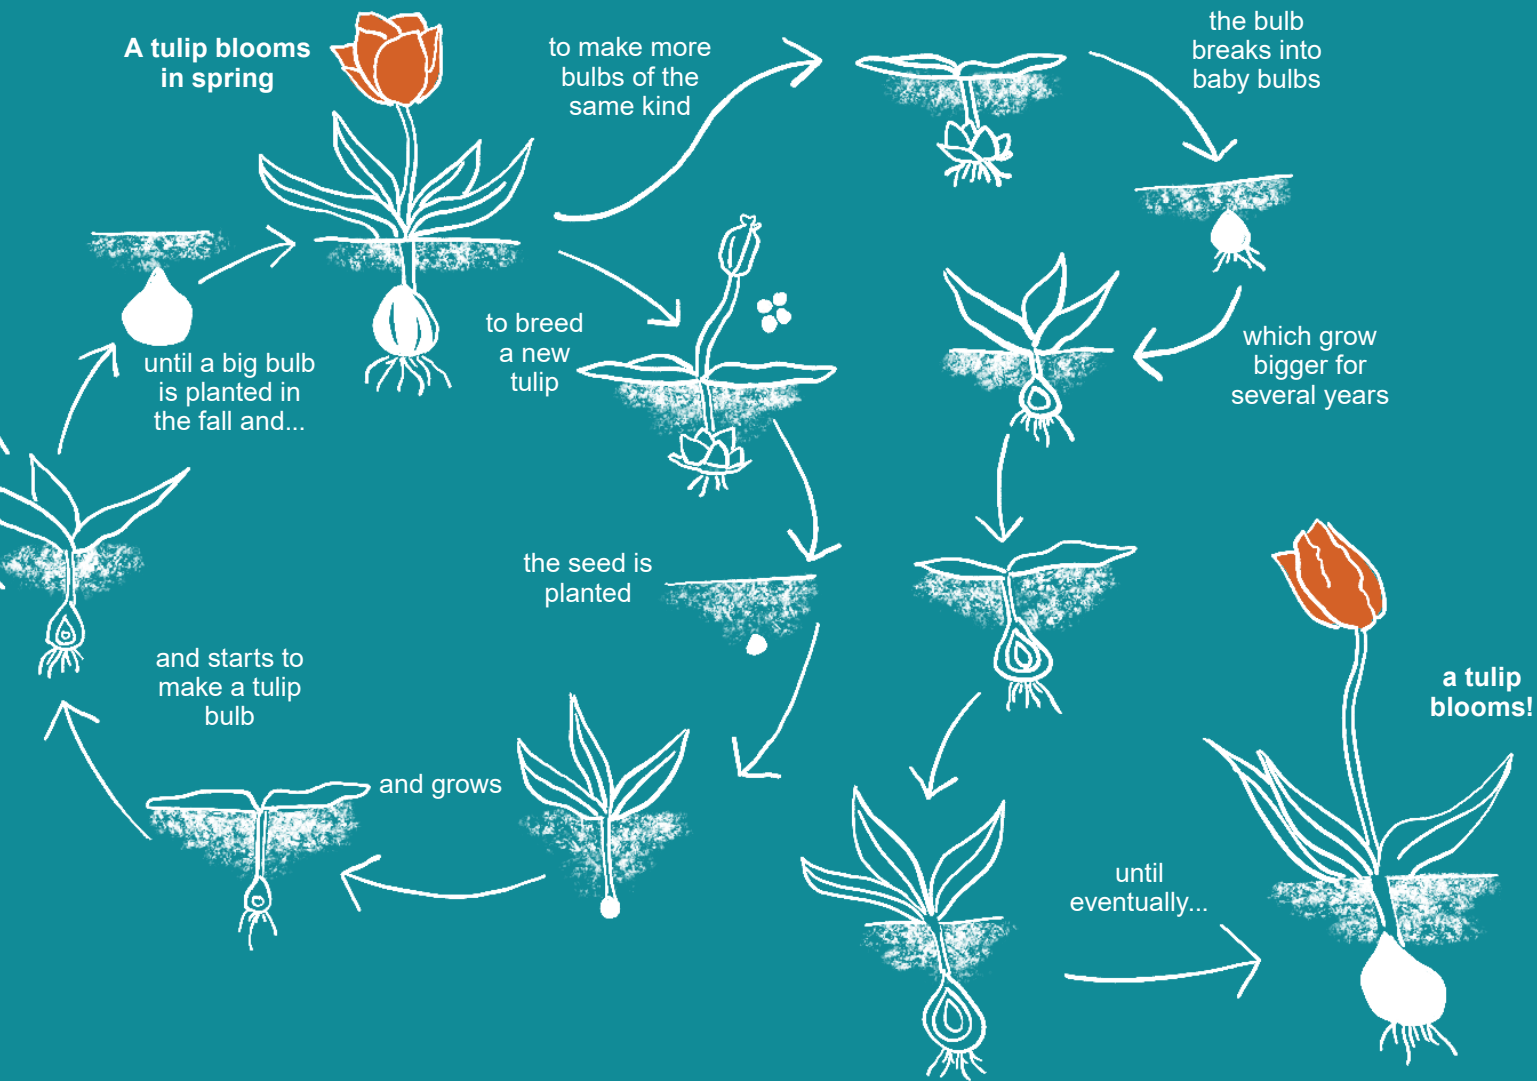

Timeline of a Tulip

When Tulip Time comes around each May, we love to go out and admire the beautiful blooms that fill our city with vibrant color!

However, what we see at Tulip Time is only a small part of the tulip's story. Check out this diagram of the full life cycle of a tulip bulb developed by Windmill Island Garden's Grounds & Horticulture Manager, Emily Van Staalduijn!

Propose a Program

Do you believe you have a skill, talent, craft, etc. that the community would enjoy participating in?

Holland Parks & Recreation is always looking for experienced individuals who are interested in leading/instructing a new program with us. Fill out the Program Proposal form below and if it seems like a good fit for our department, then a Holland Recreation Program Coordinator will be in touch.

Holland Parks & Recreation offers both youth & adult classes, camps, and clinics in a variety of disciplines. Feel free to peruse our website to get a feel for what we already offer, and our typical programming format.

Please note that any program proposals will need to be accompanied by a draft program plan & curriculum and we are typically planning for new programming opportunities at least 6 months in advance.
