

ADULT SOFTBALL PLAYING RULES

USA Softball rules will apply except for the following rules published here.

GAME LENGTH

- Games will be seven (7) innings with a fifty (50) minute time limit.
- If time has expired before seven (7) innings has been played, the current inning will be allowed to finish and the game will end with the completion of that inning.
- In the event of excessive inclement weather, all options will be used to complete the season. This includes games being played on different nights of the week from your regular night of play and weekends.

RUN RULE

- If a team is ahead by twenty (20) or more runs after three (3) innings, fifteen (15) or more after four (4) innings or ten (10) or more after five (5) innings then game will be declared over.
- The home team will get to bat in the bottom of the inning if they are the trailing team.

HOME RUN LIMITS

- **Men's & Coed**
 - The homerun rule is based on a one and up. Each team gets a homerun until the other team hits a homerun then each team gets one homerun again. If a team hits a second homerun before the other team hits their first, it will be an out.

DIVISIONS & ROSTERS

- The Men's and Coed divisions will be split into subdivisions at the Athletics staff's discretion.
- An individual may only be on one roster per division/per night of play.
- If an individual plays on multiple teams in the same division it is up to the opposing team to protest their playing.
 - This protest must occur before said player has their first at bat
 - If the protested player is on a different roster in the same division and night being played between the two fielded teams then they are disqualified from that game

You may only bat 10 or 12 players (unless your batting less than the minimum with ghost outs).
- A male batter only walks if following a female batter.

Umpire discretion will be used to determine the protected pitching area and intent. Pitching masks are allowed and may be worn by a pitcher.
- **Team penalties occurrence per game:**
 - 1st team occurrence - Dead ball. Batter is out. (inning continues)
 - 2nd team occurrence – Dead ball. Inning ending out. If same player commits 1st & 2nd occurrence, below highlighted rule applies.
 - 3rd team occurrence - Dead ball. Game forfeit.
- **Individual penalties occurrence per season:**
 - 1st occurrence – Dead Ball. Batter is out.
 - 2nd occurrence – Dead Ball. Player is disqualified from game and normal disqualification rules apply.

BATTING

- Each batter will step up to the plate with a count of one (1) ball and one (1) strike.
- A foul ball with two strikes will result in an out.

TIE BREAKER

- When the game is tied after time or 7 innings has expired, the Progressive International Tie-Breaker will go into effect. Should any more innings need to be played the last two batters to complete his/her turn will start the inning on second and third base.

 - The consumption or possession of alcoholic beverages and/or illegal substances by participants or spectators may be cause for immediate removal from the park. If a player is caught consuming and/or possessing alcohol during a game (either inside or outside of the dugout) the player will be disqualified or ejected from the game. If a player is disqualified the team can provide a legal substitution or a “Ghost Out” will be placed in the disqualified player’s position in the line-up. If the player is ejected the team must provide a legal substitution or the team forfeits the game.
