

City of Loveland Parks & Recreation Gymnastics Program Covid Protocols

The most recent statewide public health orders on Covid-19 protocols were further lessened, with additional changes to masking, physical distancing and capacity limits. While we continue to closely monitor the situation, we will provide our gymnastics classes with an abundance of caution for the safety of our participants and staff. Updates to these policies may change frequently, therefore, please review the policies below regularly. By registering your child for one of our gymnastics classes, you are agreeing to these policies.

Sick Policy: If your child or anyone in your household has a fever, cough, or ANY symptoms of Covid-19, DO NOT send your child to class. Please keep sick participants home until the sick party is symptom-free for 72 continuous hours. If someone in your home is displaying symptoms of Covid-19, we also request your child stay home.

Arrival Procedure: Facility screening procedures are no longer required upon arrival. Please do not arrive any earlier than 5 minutes prior to the start of your class to ensure no crossover of classes occurs.

Pick-up Procedure: Please be sure to pick up your child on time at the end of their class.

Spectators: With the limited amount of viewing space, we would prefer only one spectator per participant remain in the viewing area for all age groups.

Social Distancing: Physical distancing is still encouraged.

Masks: None

Hand Sanitizing: Instructors will ensure each participant utilizes hand sanitizer as they enter and exit the gymnastics space. Instructors will use sanitizer between spotting of participants, groups and/or classes.

Cleaning/Disinfecting: Staff will clean equipment after each class with disinfection solution. Electrostatic sprayer for disinfection will be used to supplement cleaning. Class times have been adjusted to allow for cleaning between classes and to ensure no overlap of participants occurs.

Water Bottles: Drinking fountain is available however participants are encouraged to bring their own water bottle.

Reward Stamps: Participants will receive stamps at the end of class.

Staff Monitoring: City of Loveland is currently following Covid-19 symptom guidelines.

Thank you for your support and for entrusting us to teach your child!
