

Friend Request & Team Formation

Due to increased participation and receiving hundreds of friend requests per program, we have created a friend request and team formation policy. Too much time is spent attempting to honor all the requests we receive. This policy will streamline the team formation process as well as give kids a chance to know at least one teammate. Exceptions will not be granted. Your child will still have fun!

1. Your child may make one friend request. This **must** be a mutual request. For example, if Anna requests Becky, Becky must request Anna. No other requests (carpool, coach, etc.) will be considered.
2. Siblings in the same level will be teamed together, unless asked not to be. Please make sure to indicate the sibling when registering. This will be considered the friend request for each sibling.
3. Parents may ask to coach together. This will be considered the friend request for their children.
4. Teams will be formed by school, grade and gender (or co-ed) whenever possible. Combining schools may be necessary depending on registration numbers and coach availability.

As always, we will do everything we can to honor mutual friend requests. However, program organizers reserve the right to make friend request and team formation decisions based on what is best for the entire program and not all requests may be granted.
