

Where to Tip the Goal

- Avoid placing the goal near the corners of the rink .
- Tip the goals to the location indicated below

How to Tip A Goal

1. Slide the goal near the side of the rink just resurfaced by the Zamboni
2. Grab the netting and lift the goal up and down slowly moving closer the just resurfaced ice (getting rid of all the snow)
3. Slide the goal across the just resurfaced ice flat until it is flush with boards (see below)
4. Pick up the net and slowly tip the goal so that the top bar is resting on the blue board cap rail (see below)
