

City of Concord Parks and Recreation Draft Policy

1. A returning team is only considered a group of 4 or more from the same age group as the previous season with the same head coach or assistant coach willing to take over the team.
2. Head coach has two automatic picks, unless you have a returning team. The first automatic pick is the coach's child. If the head coach does not have a child he or she is allowed to still have two automatic picks if they so choose.
3. The only exception for more than two frozen players is if the head coach or the frozen assistant has more than one child in the same age group.
4. If you have a returning team you will still have a pick in the first round of the draft.
5. One sponsor is eligible to have their child or children on the team that they sponsor if they so desire. This does not count as one of the two automatic picks.
6. The automatic picks must be submitted on the coach's information sheets before assessments otherwise they will be drafted.
7. When we pick in the first round of the draft the determining order will be based off of how many players a team has. If you are a returning team, you will have a first-round pick and then not be eligible to pick until team numbers are equal.
8. Positioning for round two through the end of the draft will be based on how many players are returning to a team. Once all teams are even then we will draw then snake the draft throughout the remainder.
9. **Soccer Only**: Each team must have a minimum number of females on their team and this number will be announced the night of the draft.
10. Only siblings, relatives, and people living in the same household can be drafted as a set.
11. All players (**including frozen & returning team players**) **must** attend skills assessments to be eligible to be drafted by the coaches. Players that do not attend skills assessment will be placed on teams at random by computer assignment.
12. Any player registering after the draft will be added by the Athletic Office. If a player is not coming off the waiting list and registers after the draft then that player will go to where the need is.
13. There will be no trades. If a player drops off a team then the Athletic Staff has the right to add a player off the waiting list to that team.
14. The Athletic Staff reserves the right to add players to any roster at any time.
