**Concussion and Sudden Cardiac Arrest Awareness Statement**

The City of Richland believes participation in athletics improves physical fitness, coordination, self-discipline, and gives youth athletes valuable opportunities to learn important social and life skills.

With this in mind, it is important that we do as much as possible to create and maintain an enjoyable and safe environment. As a parent/legal guardian or youth athlete, you play a vital role in protecting participants and helping them get the best from sports.

Athlete and parental education in this area is crucial which is the reason for the Concussion Management and Sudden Cardiac Arrest Awareness information you received. Refer to it regularly.

The parent/legal guardian must sign this form annually and youth athlete prior to participation in athletics played on City of Richland premises. If you have questions, regarding any of the information provided in the information sheets, please contact the City of Richland Parks Department
