Grade Specific Rules

Kindergarten and 1st Grade

- You may only make substitutions during the 4 minute time out, unless to replace an injured player. Teams will line up and match up at half court, there should be no tricks to deceive the opponent on who is guarding who.
- Teams will have two-time outs per game.
- No free throws will be shot; shooting fouls will be given to the team out of bounds. If you have a player being too physical, please coach them so that the problem does not persist.
- Defense may only play half-court man to man. Full-court and zone defenses will not be permitted. Please be proactive in coaching this and explaining it to players if it is becoming an issue for your own team during the games.
- Man to man defense is defined as guarding within 6 feet of a player.
- Defensive players cannot steal the dribble
- Defensive double teaming is only allowed when the offensive player with the ball is in the lane.
- Once a defensive player secures a rebound, it is considered possession in backcourt. There is no defense allowed in the backcourt. If a defensive player secures the rebound and the offensive player reaches in to “tie up” the ball, the coaches should waive off the “jump ball” and award the ball to the defensive team.
- No three second lane violations will be called

2nd and 3rd Grade

- Defense may only play half-court, man to man.
- Full-court and zone defenses are not permitted.
 - Officials will work with players the best they can. if they feel this is being taught, they will administer technical fouls after the 1st warning.
- Defensive position (**guarding any offensive player in the front court**) may not be established **between the 10 foot restraining line (volleyball court line)** until the offensive player with the ball has crossed the volleyball line.
 - Once the ball crosses the volleyball line for the first time that line goes away until the ball is scored, goes out of bounds, or is stolen by the other team.
 - Teams may inbound the ball throwing it from the front court into the backcourt and the volleyball line will return only as the cross into the front court.
 - On the initial pass into the back court the defense can guard that all the way to the half court line, they then must retreat to the volleyball line if the ball goes into the backcourt.
 - Officials will work with players the best they can. if they feel this is being taught, they will administer technical fouls after the 1st warning.
- Lane violations will be called at five seconds instead of three. Officials will work with players to try to get them to move in and out of the lane on offense. The ball will be given to the opposing team.
- Defensive double teaming is only allowed when the offensive player with the ball is in the lane.
 - Officials will work with players the best they can. if they feel this is being taught, they will administer technical fouls after the 1st warning.

- Help defense is allowed, however it is illegal to place any player in the lane for an extended period of time to block shots, they must follow the player they are guarding. Players must be at least four **(4)** feet from the offensive player they are guarding.
- Man to man **offenses** must be set up in a normal five-player pattern. Stacking or spreading players to the corners to force the defense into one-on-one play due to their restrictions defensively is not allowed.
 - Officials will work with players the best they can. if they feel this is being taught, they will administer technical fouls after the 1st warning.
 - Inbounds passes are the only exception to this.
- Once a defensive player secures a rebound, it is considered possession in backcourt. There is no defense allowed in the backcourt. If a defensive player secures the rebound and the offensive player reaches in to “tie up” the ball, the referee should waive off the “jump ball” and award the ball to the defensive team.
- IF the score is six **(6)** points or less and there is **1-minute or less** on the game clock then teams may play full court man to man defense.
 - Double teaming and zone defense are still **not** allowed and are subject to tighter scrutiny on technical fouls.
 - The volleyball line does **not** exist in this scenario.
- **Inbounding**
 - Eliminating the one – one for common fouls beginning with the seventh team foul in the half.
 - Establishing the NEW bonus as two free throws awarded for a common foul beginning with the team’s fifth foul in each quarter and resets the fouls at the end of each quarter.
 - Throw in spots - Establishes four throw-in spots (the nearest 28- foot mark along each sideline or the nearest spot 3-feet outside the lane line on the end line) when a team gains or retains possession in their frontcourt. (All circumstances) All backcourt circumstances will remain unchanged.

When it is illegal to full court press and once a player gains control of the basketball in the back court, that team must be allowed to **pass or dribble** the ball into the front court.
