MISSION

The Mission of the Lemont Park District is to enhance the quality of individual experiences by providing safe, accessible and premium facilities, parks and programs to the community while being fiscally and environmentally responsible.

PARENT/GUARDIAN PLEDGE

As a parent/guardian of young athlete, I understand the important role sports can play in the development of a child's character. I also understand that the highest potential of sports is achieved when everyone involved in an athletic program, including the parents, works to Pursue Victory with Honor.

I promise to help my child and his/her team Pursue Victory with Honor by modeling my behavior at all times after the 6 pillars of character and expecting my child to do the same :

Trust

ACTION PLAN

As a coach, if you think an athlete may have a concussion, you should:

1. Remove the athlete from play.
2. Keep an athlete with a possible concussion out of play on the same day of the injury and until cleared by a health care provider. Do not try to judge the severity of the injury yourself. Only a health care provider should assess an athlete for a possible concussion.
3. Record and share information about the injury, such as how it happened and the athlete's symptoms, to help a health care provider assess the athlete.
4. Inform the athlete's parent(s) or guardian(s) about the possible concussion and refer them to CDC's website for concussion information.
5. Ask for written instructions from the athlete's health care provider about the steps you should take to help the athlete safely return to play. Before returning to play an athlete should:
 - Be back to doing their regular school activities.

Not have any symptoms from the injury when doing normal activities.
Have the green-light from their health care provider to begin the return to play process.

All participants are expected to exhibit appropriate behavior at all times. The following guidelines have been developed to help make programs safe and enjoyable for all participants. Additional rules may be developed for specific programs as deemed necessary by staff.

The agency insists that all participants comply with a basic behavior code. All participants shall:

1. Show respect to all participants, staff, and volunteers. Participants should follow program rules and take direction from staff.
2. Refrain from using abusive or foul language.
3. Refrain from threatening or causing bodily harm to self, other participants, or staff.
4. Show respect for equipment, supplies, and facilities.

The following infractions will constitute utilization of the discipline procedures.

 - a. Leaving grounds without permission.
 - b. Leaving designated group without permission.

 - b. Throwing objects at or near others.
 - c. Bringing or using weapons, i.e., knives, glass, sharp objects, etc.

Discipline

A positive approach will be used regarding discipline. Staff will periodically review rules with participants during the program session. If inappropriate behavior occurs, a prompt resolution will be sought specific to each individual's situation. The park district reserves the right to dismiss a participant whose behavior endangers his or her own safety or the safety of others.

Procedures

Upon registration or entry into the program, the parent/guardian should be solicited for any information regarding special accommodations needed for the participant. If any of these special accommodations are behavior related, the parent/guardian should be contacted for information about any behavior modification programs in place at school or home. Attempts should be made to utilize these in the program. Also, the inclusion coordinator from the Special Recreation Association (SRA) should be contacted for guidance. Documentation should be maintained regarding any problem behaviors, special accommodations, and behavior modification programs.

If the participant exhibits inappropriate actions, the following guidelines should be followed:

1. Program leaders should determine the severity of the action and immediately take steps to correct it. These may include but are not limited to:
 - **Verbal Warnings:** Verbal warnings will be given for actions. More than one verbal warning may be given depending on severity of action.
 - **Time-Outs:** A supervised time-out from the program. The parent/guardian will be notified by the Recreation Supervisor and written documentation will be provided. The type of time-out may vary according to the situation (observational: from sidelines of activity; exclusion: away from the group but within view of the activity; seclusion: time-out area with staff member present away from view of the activity). If physical restraint is used to protect against injury, the time-out should be documented on an incident report and given to the full-time supervisor.
 - **Written Documentation:** Written documentation will be sent home to a parent or guardian, or the participant if he or she is an adult, to be signed and returned. The parent/participant will also be called by the Recreation Supervisor.
 - **Program Suspension:** The participant will be suspended from the program for up to three days. The suspension will be in effect the first day following the offense. The parent/participant will be notified by the Recreation Supervisor and written documentation will be provided. When determining the timeframes of suspension, staff should consider the severity of the actions; the length of the program or activity; any past behavior issues with the individual; and willingness to improve their inappropriate behavior.
 - **Program Dismissal:** Depending on the situation and the severity of the offense, the participant may be permanently dismissed from the program following any offense.
2. Communication between staff and parent should be ongoing regarding any further incidences of inappropriate behavior. Some other options may be discussed with the parent/guardian including:
 - Transfer to another program where inappropriate behavior may be less prone to occur.
 - Limited/reduced timeframe that participant is allowed to attend the program.
3. Appeals by the participant and/or participant's parent/guardian should be directed to the Executive Director or the Director of Recreation.

When to Contact the Police:

- If a participant makes a direct threat of hurting himself, call the parent/guardian immediately. If a parent/guardian is not available, call the police.
- If a participant becomes overly aggressive and violent, call the police.
