

CRYSTAL VOLLEYBALL LEAGUES HOUSE RULES

Co-Rec modifications at the end.

*All play is governed by the 2022-2023 USAV/MRPA rulebook with the following clarifications and modifications. **Teams are reminded that USAV rules do not necessarily carryover to MRPA and/or House League rules. This year there are new USAV rules that will not be incorporated into the House League rules.

1. All matches consist of 3 games. All 3 games count for league standings.
 - A. **Games are rally scoring to 25 point:** - rally scoring is a point scored on every dead ball; a team must win by 2 points **with a cap of 30 points.** Example: If the serving team wins the rally, it scores a point and continues to serve, if the receiving team wins the rally, it scores a point and gains the right to serve.
 - B. **Time Limit:** Referees will be issued stop clocks to time each match. Matches are 55 minutes.
 1. If time expires during a game, the game will be played until one team wins by two.
 2. If time expires during game 1 or 2, any remaining games shall be played by rally scoring to 11 points (must win by 2 points). By using this method, every match will complete 3 games.
 - C. **Time Outs:** Each team is allowed two 30 second time-outs per game. Request for time-out is made when the ball is dead. Referee will **not** stop the game clock during time-outs. An official's time-out will be used for an injured player. The clock **will** stop during an official's injury time-out. **No timeout may be called in the last 5 minutes of the match.**
2. Teams may play a match with 4 players - any number less than that is a forfeit.
 - A. **Forfeit Times:** If a team is not ready to play 5 minutes after the scheduled start time, they forfeit the first game; 10 minutes, they forfeit the 2nd game and 15 minutes, they forfeit the match. Forfeit game score is 15-0. If there is a forfeit, the referee is **not** obligated to call the game if the teams wish to scrimmage for the time remaining.
 - B.
 1. Ready to play is defined as "on the court and in position to begin play".
 2. A team will be allowed to take their time-out(s) to get their team ready and in position.
 3. If a team knows they are going to forfeit, before the match (example, that afternoon), please call the Recreation Office and the opposing team so we can notify the referee.
 4. **Forfeited Games will not be re-scheduled.**
 - C. The referee's clock is considered official. All start and end times are determined by the referee. It is the referee's discretion whether warm-up time will be allowed. Generally, a 5 minute warm-up will be allowed, however referees have the authority to waive warm-up time if matches are behind (See rule #4).

- C. Men cannot play on Women's League teams
- D. Women could play on Men's League team dependent on Director approval
- E. During the regular season, a league player may sub for another team on the same evening without division restrictions. No subs from another team will be allowed during playoffs.

3. **The Service**

- A. Overhand or underhand serves allowed in all divisions.
 - 1. In an underhand serve, the ball must be released before contact.
 - 2. In a service, the server must contact the ball within eight (8) seconds after the referee whistles for service. Only one toss or release of the ball is allowed.
 - B. The ball may be served anywhere behind the back court line.
 - 1b. The back court line will be adjusted for the Forest Elementary location

 - D. Blocking a served ball is prohibited.
 - E. Spiking a served ball is prohibited. Spiking is defined as playing the ball above the horizontal and vertical plane of the net within the spiking zone (in front of the 10' line).
 - F. Once the ball has been touched by the non-serving team it is no longer a served ball.
 - G. A team must rotate before their first serve after side-out.
4. Teams are allowed a 5-minute warm-up time if time permits. Referees have the authority to regulate warm-up time. (See Rule #2C).
5. The league will not provide line judges; however, it is recommended that teams provide their own line judges to assist referees with line calls. There is no penalty for teams not able to provide line judges, however, teams are reminded that without line judges, refs will do their best to make these calls.
6. Rotation or substitution may be used for teams with more than 6 players. The method must be chosen at the beginning of the match and used for the entire match.
- A. Substitution – a team may substitute a total of 15 times for all players.
 - B. In MRPA state tourneys only substitution is allowed. Teams that may participate in the state tourney may want to consider this for league play.
7. Ground rules have been established for all facilities used in league play. Referees and captains will be issued copies of these. Remember, some equipment items may change in a gym; referees have the authority to make ground rules to cover changing circumstances.
- A. **Play Off Ceiling:**
 - 1. If ball hits ceiling and comes down on own side, you may continue to play it. If the ball hits the ceiling and comes down on other side it is a point for the other team. If the ball hits the ceiling on the 3rd hit, it is a point (with rally scoring).

2. Referees will hold a captains meeting prior to the start of each match to cover ground rules, etc.

However, if one of the offensive players is near and about ready to make a play, it is not legal for the blocker to make contact until the offensive player has had an opportunity to play the ball.

 - B. When simultaneous contact occurs between the spiker and the blocker on the spiker's side of the net, the blocker's action is not legal. It is legal to block a ball above the opponent's court once the opposition has played the ball 3 times.
