

COVID-19 POLICIES & PROCEDURES

Smithville Parks and Rec takes the COVID-19 pandemic very seriously. The health and welfare of our players, families, coaches, and staff is our top priority. The following document will explain the SPR's COVID-19 guidelines and procedures regarding COVID-19. First and foremost, you should only allow your child to get back to sports if you are ready and feel safe. There is a lot of information, so please take the time to read thoroughly. With the approval of practices and games, there are still guidelines we must follow. These guidelines may seem excessive, but they have been put in place to ensure the health and safety of everyone and must be followed.
