Oswegoland Park District Sport Philosophy

It is always fun to win games but our primary objective is to create a fun and safe environment for our players. Players can be active, have fun, make new friends and be part of a team while having the opportunity to gain better knowledge, understanding, and appreciation for the game. A game is considered successful when players play hard, exhibit good sportsmanship, and have fun.

Our sport youth programs would not be able to run without volunteers like you. Thank you for your time, energy, and dedication to the program. If you have any questions or comments, please contact one of the Athletic Department Staff members below.
