Dear CYO Athletics Participating School,

As you know, the Archdiocese of Seattle expanded the Safe Environment Program (SEP) in 2007 in response to requirements of the United States Conference of Catholic Bishops (USCCB) to prevent child sexual abuse in the Catholic Church. Participation in this program is mandated for all those who work with minors and vulnerable adults. This encompasses both paid staff and volunteers who work in programs involving these populations.

The main purpose of the SEP for CYO Athletics is to ensure we are doing everything in our power to protect our youth. The goals are threefold:

1. To protect the children who participate in our programs;
2. To protect staff and volunteers from false allegations;
3. To protect the programs that we are all so committed to as opportunities for the personal and communal growth of our young people.

The Safe Environment Program equips those who work or volunteer directly with young people the ability to recognize the signs of abuse and to feel more comfortable acting upon such information. Along with putting into policy practices that eliminate opportunities for sexual predators to get into our programs, we believe that this awareness can make a tangible difference in the lives of our young people.

As an independent school, you are not bound by the policies of the Archdiocese of Seattle. However, as a participant in the CYO Athletic program of the Archdiocese of Seattle, you must meet the safe environment requirements as outlined in the *Charter for the Protection of Children & Young People* (USCCB, 2005).

By now you may have heard that the Safe Environment Office transitioned to the VIRTUS training and management database. Please be aware, that as an independent school this transition does not affect your safe environment protocols. This means, as mentioned above that you are responsible for all administration, record keeping, and costs associated with fulfilling the Safe Environment requirements outlined in the Charter for the Protection of Children & Young People. Which include criminal background checks, abuse prevention policies and abuse prevention training for your employees and volunteers. These requirements will be met in accordance with your organization's own policies and procedures.

We ask that you have an appropriate school representative sign the Participant Agreement for CYO Athletics included with this letter and return to me. Please contact me at 206.274.3128 if you have any questions or concerns.

Sincerely,

Kara Stranski
Assistant Director of CYO Athletics
